

## **Stewardship – Fulfilling the Promise**

We have nothing like the Old Testament promises that Jesus came to fulfill, but many of us DO HAVE promises and pledges to support the Sanctuary Project now underway.

If this is a good time for you to pay on your sanctuary pledge or make a stewardship payment through a gift of securities, please follow the guidelines found on the link below this article-- "**Giving Securities to IPC**" --or ask your financial institution to contact us.

Often, these contributions arrive without clearly identifying either the donor or the purpose of the donation. So, if you will please alert us ahead of time to expect your contribution, we can be sure to credit the gift appropriately. You can contact the church at 933.1830 and ask to speak to our accountant, Beth Grauel; the Director of Finance, Jim Wooten; or the Rev. Bobbie Epting, Associate Pastor for Stewardship and Development for assistance with any of your gifts.

We are especially grateful for you who have recently paid up or paid on your pledge and have thus supplied us with the necessary cash for operations and project expenses. THANK YOU, again.
